## **Wounded Warrior & Youth Hunt Sponsorship Request**

**Hello**

**I'm Pete Hein, co-owner & CEO of Flatline Productions Inc. - our 501-c3 non profit organization. Our passion is getting youth, under-privileged youth, special needs, the American Hero and the general public into the outdoors & involve them in hunting, fishing & pure enjoyment of the outdoors in a faith filled environment. Helping them find their heart beat again!**

**We would love to partner with you & ask for your support of our special hunts in 2013. This year we are giving away 5 Mission Maniac Bows along with 5 fully guided Whitetail Hunts for 5 youth and an awesome 'Wounded Warrior' walleye & whitetail hunt for a wounded veteran of the United States Military! This along with our normal 25-30 mentored hunts that we do every year with youth from around the metro area.**

**We need help - Your help. We can't do this alone and we need great support from people just like you to help us accomplish what we've set out to do & that's to change lives. To invest in the youth of our community & also support the Hero - that serves this great country of ours, especially those who come home after such great sacrifice. We need support from our friends, family and people we know to get this mission completed. We would love to have you as a part of our team. Your monetary donation will go a long ways & its 100% tax deductible.**

**Our track record speaks for itself. We've built a reputation over the last 5 years of mentorship, sponsorship, discipleship and community involvement. From working with the U of M & MN DNR to mentoring & supporting over 100 kids in the National Archery in the Schools program - Team Flatline Outdoors is committed to our mission & goal as a non-profit organization & we need great support from great people. People like you!! Please consider joining us & supporting us!**

**God Bless & Thank you**
